Cincinnati, Nov. 4.—"I believe, I was elected by the business men of the country, Democrats as well as Republicans; that I received my share of the labor vote, and farmers generally stood by me. I am very much gratified."

Judge Taft was sitting in the library of C. P. Taft's residence, his brother, when he gave expression to the above declaration. Going more into details as to returns he added:

"In my own state and Indiana, the result was very much affected by local liquor questions, and it is very difficult to figure out just how it operated."

#### THE BASKET BALL GAME

East Side Wing From T. W. C. By a Score of 11 to 8

A most interesting game of basket ball was played last evening between the Texas Woman's college basket ball team and a team representing the East Side school. From the first shrill call of the whistle to the last the game was fast and furiously contested. The college team has been putting in some hard practice since their game with Villa Maria, and they showed great improvement in form. This is the first game of the season for the East Side school team, but they played like veterans.

The game was a rough one, and numerous fouls were called on both sides. The decisions of the officials were very fair to both sides, and gave complete satisfaction. That the game was a closely contested one is revealed by the final score, 8 to 11, in favor of the East Side school.

President White appeals to every member of the Brazos county Democratic Good Government Club to vote the Democratic ticket from top to bottom. Every Democrat is in duty bound to do so.

#### FIRE IN NAVASOTA.

Damage Near Being Exceedingly Devastating to the City.

What might have been one of the most costly fires in the history of Navasota was averted last night solely through the efforts of the Navasota volunteer fire company, than which there is no better in Texas.

The fire occurred about 12 o'clock, the scene being the old vacant two-story wooden building in the rear of Constant's barber shop and adjoining the Guderger building and almost touching the Hoyle hotel. For a while it looked like the hotel would go in spite of untiring efforts, but the splendid fight put up by the boys finally resulted in confining the flames to the building in which it originated until it was consumed. Several windows of the hotel are badly charred and the walls blackened, also some damage was occasioned from water in five rooms.—Navasota Examiner.

#### Latest Outside News

In the general election Chairman Mack has conceded the following states to Mr. Taft: The six New England states, New York, New Jersey, Pennsylvania, Delaware, Ohio, Indiana, Michigan, Wisconsin, Minnesota, North Dakota, South Dakota, Iowa, Kansas, Wyoming, Idaho, Washington, Oregon and Utah, giving the republican candidate 45 more than necessary to elect. The republicans also claim Maryland, West Virginia and Colorado.

Mr. Bryan claims all the southern states except West Virginia and Maryland, which are in doubt.

It is believed that Mr. Bryan has carried his own state, also Montana, and Nevada, and the democrats still claim Maryland and West Virginia and Colorado.

The proposition to publish millinery expenses before the season closes meets with much favor. You can't make the figures too high.

## Character In Clothes

There is an atmosphere about some turnouts that distinguishes them as more than mere vehicles.

About some clothing there is the same character. A tailor may take the same high-grade woollens and the same trimmings that are used in a Stein-Bloch suit or overcoat and make you a suit that lacks this distinction—which the material used deserves and which rightfully belongs to his customer.

The suit will "wear" but it will never be anything but a cloth covering.

On the other hand, some tailors can give you the style and distinction that you demand—but they charge heavily for this atmosphere.

The problem would be a pretty one for you to solve did not Stein-Bloch step in and solve it for you. They are tailors for men and have concentrated their energies on making clothes as well as clothes can be made. They have struck a golden mean of proving fashions, of tested woollens, of smooth fit, of proper style. We handle the Stein-Bloch clothing. Will appreciate a call by you.

Washington, D. C., Nov. 4.—No woman ever called upon to fill the difficult and exacting position of mistress of the White House was better prepared and equipped for her task than is Mrs. Helen H. Taft, the wife of President-elect Taft. She is a woman of culture and refinement and of many accomplishments, possesses unusual tact, social finish and, above all, a large measure of sound common sense. For a number of years she has lived in Washington as one of the most distinguished women of the official circles, and the training which she received during that time will, undoubtedly, prove of great value to her in her new position.

Personally, Mrs. Taft is quite as active as she is from an intellectual point of view. She is fair, slender and fresh looking, and no one would suspect from her appearance that she is so old enough to be in color. She is frank and vivacious, unassuming, and yet possessed of a dignity of bearing and the so necessary to a woman, an excellent memory for names and an invaluable gift of a political leader.

A few mistresses of the White House were Miss Helen Herron, wife of the law partner of the

late President Hayes, when she married William H. Taft in Cincinnati, in 1886. She was a bright and talented girl with a perfect passion for music. In addition to a good education she received an excellent training in music and through all her future life music has ever been her favorite recreation. She is not only an accomplished pianist, but possesses a thorough knowledge of the theory of music and an extensive acquaintance with the best works of musical literature. But, notwithstanding her great love of music and her ardent devotion to it, she has never allowed it to become an all-absorbing passion, or even a fad to the extent of interfering with her duties to her husband and her family.

Although, probably, better equipped for a high social position than most women holding important positions in American society, Mrs. Taft is by no means a typical "society woman." For that she is too intelligent, sensible and well balanced. Ever since her husband entered official life in Washington and even before that, when he was still holding a judgeship in Ohio, Mrs. Taft has made it her study and aim to fill to the best of her ability the position in society to which she was entitled by virtue of her husband's official rank. Her natural talent and the intellectual training of girlhood days made the task easier for her and her inborn tact helped her to avoid the pitfalls so disastrously experienced and but indifferently equipped women in official society.

Nowhere is the new mistress of the White House seen to great advantage than in her home circle. The supreme test for the sterling qualities of any woman, not matter what her position in society. She devoted to her husband and her children, takes interest in everything pertaining to her domestic establishment and is considered a model housekeeper. She does not consider it beneath her dignity to attend to her household duties, and devotes great personal care to the proper conduct of her domestic establishment. No woman in Washington society ever knew better than Mrs. Taft how to add a wholesome and refreshing domestic charm to her social entertainments. No matter how formal the function may be, Mrs. Taft as the hostess makes all her guests feel that they are received at her home, not in a hotel parlor or a public hall. She knows better than most women the secret of making her guests feel at ease, without vulgarizing the tone dominant of her hospitable board.

Mrs. Taft is an accomplished musician and has great love for her art, but she never obtrudes the subject of music in conversation, nor does she ever bore her guests with inane accounts of the petty tribulations to which every woman at the head of a large domestic establishment is more or less exposed. Of her family and her own affairs she speaks with well-bred discretion and sparingly, while she shows remarkable skill and tact in drawing out her visitors by manifesting sympathetic interest in their affairs. Her home, wherever she may be, is always filled with that intangible charm which springs from the intellectual, refinement and exquisite taste of the hostess. Mrs. Taft, like her daughter, Helen, now studying at Bryn Mawr, is an Episcopalian, but she is broadminded enough not to allow religious differences as a serious nature to arise between her and her husband, who belongs to the Unitarian church, although he frequently attends services at the Episcopal church with his wife.

They are charged with committing the alleged night riding depredations in Craighead county. A man, claiming to be a Baptist preacher and thought to be a leader has been refused bond, and is confined in the county jail here. A special session of circuit court will be held Nov. 9 to try the cases.

Entered at the Postoffice in Bryan, Texas, as second class matter.

BRYAN, TEXAS, NOV. 5, 1908.

The Democratic party will outlive those who are predicting its early dissolution.

John N. Simpson now knows where he is at—that is, if he is capable of learning. Let all renegades take warning.

The Democrats of the United States are the best losers in the world; they have learned the art by long experience.

It is a bitter disappointment, but not like that which some of us expressed when we heard of Appomattox.

Because the returns are not yet all in some Bryan Democrats are not yet convinced that Taft is elected. Their well of hope is deep.

After all its oratory and expenditure of money the Texas Republican machine came out at the little end of the horn, as usual.

There was little scratchin of tickets in Brazos county. The credit for this is largely due to the Democratic Good Government club.

The complimentary vote for Mr. Bryan by the American employes on the Panama canal was a pleasant feature of the campaign.

Reports from San Antonio indicate that the Real Republican in the Twenty-fourth Senatorial district has skinned the Democratic Onion.

There are thousands of people in the United States who feel his defeat more keenly, perhaps, than he does. Some regard it almost as a personal loss.

Martin Dies of Beaumont will be the only new member of Congress from Texas. We shall see whether he is the sort who seldom dies and never resigns.

The mayor of Port Arthur fined himself \$5 for disturbing the peace. His offense was denouncing some persons who charged that there was dishonesty in the city administration. While he was about it he might as well have cussed them out \$50 worth.

Mr. Bryan's victory in his own State, city and precinct, in all of which he overcame heavy Republican odds, is a high tribute to his worth as a man. In his home precinct the normal Republican majority is about four to one, but he carried it by a little more than two to one.

Two weeks ago The Eagle expressed a fear that the Democratic (?) machine in New York City would sell Bryan out. And that is just what it did. The Democratic gains up State were fully as great as were expected, and with a normal Democratic majority in Greater New York Bryan would have received the electoral vote of the State, which would have made him president.

To a party like the Democratic party victory is a blessing, but defeat is not a crushing blow. The life of the party is its principles, and principle can never die. A principle is immortal because founded on the rock of right and possessing the durability of divinity. A principle is founded on truth. "Truth," as has been finely said, "loses many battles, but no wars."—Houston Chronicle.

**FLASHES FROM THE WIRES.**

New York, Nov. 4.—A society wedding of note today was that of Miss Emily Osgood Field, daughter of Mr. and Mrs. Maunsell B. Field, and F. Kennett Drisler, son of Mrs. Frank Drisler and a grandson of the dean of Columbia college.

Norristown, Pa., Nov. 4.—The Pennsylvania Woman's Suffrage Association assembled here today for its annual meeting and will remain in session until Saturday. The attendance of delegates is representative of the entire State.

Atlantic City, N. J., Nov. 4.—Many prominent golf players are here to take part in the annual fall tournament of the Atlantic City Golf club. The tournament will have its opening tomorrow and will continue until the end of the week.

San Angelo, Tex., Nov. 4.—San Angelo was host to many visitors today on the occasion of the opening of the district fair. The exhibition is the best ever seen in this section, embracing an elaborate display of grain, fruit, live stock, machinery and other agricultural and industrial products. The fair will continue for four days.

Jackson, Miss., Nov. 4.—To the several gatherings already in session in this city were added two more today, the annual meetings of the Mississippi Live Stock Association and the Retail Merchants' Association. The attendance at the retail merchants' convention was especially large and included several hundred prominent dealers from all parts of Mississippi.

Washington, D. C., Nov. 4.—The Count of Turin, who is reported engaged to Princess Patricia, niece of King Edward, is a brother of the Duke of the Abruzzi, who is expected to marry Miss Katherine Elkins of this city. The count is about 36 years old, and an officer in the Italian army. In 1898 he came in for much notoriety on account of a duel he fought with the Duke of Orleans. Later in the same year he paid a visit to the United States and was well received in Newport and elsewhere.

**HOW THE NEWS WAS RECEIVED.**

All who cared enough about it to come out Tuesday night knew the result of the election before bedtime, and some who were detained at home were informed by telephone. The large number of eager citizens who thronged Main street in front of The Eagle office was a gratifying evidence that our efforts to furnish the news hot from the wires was appreciated. In the interludes between bulletins Mr. Stevenson entertained the audience with some beautiful pictures, and this feature was also highly appreciated.

Most of the bulletins were received in silence, or were discussed among the spectators in conversational tones, but when, now and then, an announcement favorable to the national Democratic ticket was received there were lusty cheers. A few whoops and moderate laughter greeted the announcement that Simpson had carried San Antonio. Bryan Democrats have all the time regarded his candidacy as a joke.

By 11 o'clock everybody was satisfied, and the crowd dispersed. A number of bulletins came in later, but as there was nobody to read them the flashlight service was discontinued. They simply confirmed the earlier reports, giving few additional particulars.

**NOTICE, MERCHANTS.**

From November 1st after date I will not be responsible for accounts charged to me without my consent.  
W. J. ROBERTS.

Among the echoes of the election the "I-told-you-so" man is a discordant note.

**THE GUNNESS FARM**

Will Occupy the Stage Again

Laporte, Ind., Nov. 4.—Bryan Morning Eagle special to the Gunness murder case cited the attention of which it was last spring, will be continued next week when Ray Lamphere next have been the right-hand man of Mrs. Bella Gunness in connection with the murder of Mrs. Gunness and her children by burning her farm and is charged also with complicity in the killing of several of the victims.

It is probable the youth was tried first for the murder of Mrs. Gunness, although the prosecuting attorney claims to have a very strong case against him on the charge of complicity in the murder of Andrew Helgelein.

Helgelein, who was a South Dakota farmer, came here with \$2,900 after a correspondence with Mrs. Gunness, and was never more heard of. He was but one of a dozen or more men who are believed to have fallen victims to the woman's wiles.

In addition to the murder of Helgelein, Lamphere is charged with complicity in the murders of several others, but the killing of Helgelein, which is said to have occurred January 14 last, is believed to furnish the strongest case against him.

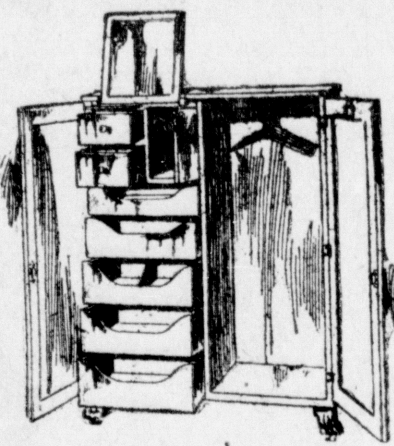

The destruction of the Gunness house and the burning of the widow and her three children occurred on the night of April 28. It came as a climax to a strenuous investigation by a brother as to the whereabouts of Albert Helgelein, who is believed to have been the last victim of Mrs. Gunness. Helgelein was lured to the Gunness farm through a matrimonial advertisement. After his arrival he was induced to turn into the woman's hands nearly \$3,000, which he had earned as a rancher on his section of land near Aberdeen, S. D. It is the accepted belief of the authorities that the activity of Helgelein's brother in investigating the mystery of the former's disappearance led Lamphere to put the widow and her children out of the way in order to save himself.

Lamphere had been employed for some time on the Gunness farm, and that he had a guilty knowledge of the nefarious traffic carried on by the widow seems certain. Considerable doubt exists, however, as to the extent of his complicity in the wholesale murders. He logically appears in the light of a possible accomplice, on the theory that the woman could not have done her murderous work alone. However, his apparent willingness to talk, coupled with the respectability of his antecedents and his own lack of perspicuity, has convinced many persons acquainted with the case that Lamphere either is not guilty or was at best a mere tool in the hands of the exceptionally intelligent and cold-blooded murderess.

## COWBOY ROPES A TRAIN HAND.

Jerks His Victim Off Moving Car to His Death.

El Paso, Tex.—Jesse Ake, a cowboy, is a refuge in the mountains and officers are hunting him on a charge of murder.

As a Santa Fe work train was passing between Lava and Crockett, loaded with Mexicans, Ake, it is alleged, rode up on his horse and roped Ramon Aragon, whom he dragged from the train. Aragon was killed in the fall, as the train was running twenty miles an hour. Ake galloped off toward the Organ mountains and officers at Hillsboro, Las Cruces and elsewhere have been notified to take his trail.

## A. A. VS. WACO.

A Good Game Expected Here Next Friday Afternoon.

The Allen Academy football team, which has made such a fine record for this season's play, will meet the Waco high school eleven on the Academy campus here tomorrow afternoon at 4 o'clock. The Allen Academy boys have done some exceptionally fine playing recently, and no doubt everybody in the city will go out tomorrow to see the game and take advantage of an opportunity to demonstrate the interest felt in the team here. These boys have not been defeated this year, notwithstanding the fact that two of the games played were on foreign grounds. Three out of three is the record of the Allen boys, and three out of three is the record of the Waco boys, against whom they will go tomorrow. Waco has just defeated Temple, and a few days ago won from Marlin by a score of 32 to 0. The winners of the game here tomorrow will be champions of Central Texas. A very lively and interesting game is anticipated, and no doubt the attendance will be large.

## The Dandy Dixie Minstrels.

An advance notice says: Next week will be presented at the Grand opera house a genuine all-colored minstrel aggregation, known as the "Dandy Dixie Minstrels," to colored patrons wherever presented in the South. In fact, the notices from the Southern press (which will be presented from time to time) are most commendatory for the excellence and cleanliness of the performance given by this company.

The Tampa (Fla.) Daily Times of February 18 contained the following notice:

"One of the best minstrel performances ever seen in Tampa was that of the Dandy Dixie Minstrels, who appeared at the Tampa Bay Casino Saturday night. Owing to the excellence of the show, the performance will be given tonight. Hundreds of white people enjoyed the performance Saturday night as much as did the colored people in the gallery."

## Opera House.

One of the special features of the Callahan Dramatic Company, which will fill a three nights' engagement commencing Monday, November 9th, is their famous band and orchestra, an organization of trained musicians who will render a musical program of the highest class on the street during the day and in the opera house before and between the acts of the different plays to be presented here.

## FOR TAFT.

## SO IS SHERMAN.

Former Secretary of War Chosen as the Chief Magistrate.

The Republicans swept New Jersey. Taft will have the plurality which will approach, and may exceed, that of Roosevelt four years ago, who received 80,000. Seven of the ten congressmen chosen are Republicans, and the Republicans will control both houses of the state legislature by even greater majorities than last year.

Taft's indicated plurality in Delaware is 3,000, and the Republican state ticket, headed by Simeon S. Pennewell for governor, and William H. Hild, for congress, is estimated by about the same plurality, with the exception that Davis, Republican candidate for attorney general, is probably defeated by Andrew C. Gray, Democrat. The latter is the son of Judge George Gray.

The Republicans swept Connecticut fully and completely, perhaps a little more so than four years ago. Taft carrying the state by more than 30,000 plurality, and Congressman George L. Lilley, the Republican candidate for governor, going into office by about 15,000 plurality over Judge A. Heaton Robertson. All the five congressmen are Republicans by pluralities equal to those of two years ago. The entire Republican state ticket is elected as usual, while the general assembly is more strongly Republican than for some years.

Maine gave Taft an estimated plurality of 31,500. John H. Swasey and Frank E. Guernsey, Republicans, were chosen in the Second and Fourth congressional districts, respectively, to fill short term vacancies.

## PARK ROW SCENES.

Thousands of People Gather to Hear the Election Returns.

New York, Nov. 4.—The closing of the polls was the signal for a rush to Park Row, where the newspapers had strung up large white canvasses on which were thrown election results, and by 8 o'clock scores of thousands had congregated on City Hall park and nearby streets. There were other crowds in front of the bulletin boards on Broadway in Harlem and Brooklyn.

Two hours after the polls had closed several newspapers issued extras announcing the election of Taft, and from the throats of thousands arose a new familiar refrain: "Taft, Taft, Big Bill Taft."

From other thousands came the chorus: "Wait and see; Taft has not won yet."

Broadway was the scene of much revelry, a continuous parade of merry-makers moving up one side of the "Great White Way" and down the other.

Although the climax of the saturnalia was not reached until the theaters let out the crowd, the celebration began long before the closing of the polls. The matter of the election of the candidates of one or the other of the parties played absolutely no part in the start of the general demonstration.

With all the noise and confusion the demeanor of the crowd was in every way proper and in harmony with the spirit of the day and hour.

## New York Vote Largely Increased.

New York, Nov. 4.—Governor Hughes wins by 50,000 plurality over the biennial battle of high bridge, which was waged again as the regiment of ballots were marshalled. Hughes came down to the city from up-state with an estimated plurality of about 121,000. Chanler's plurality south of High Bridge was approximately 60,000. The vote of two years ago was increased by about 150,000. Chanler surprised the Democratic leaders by an unexpectedly large vote in the rural districts, but lost tremendously in the city of Greater New York. His followers had expected at least 100,000 plurality.

## Central States For Taft.

Ohio, Indiana and Illinois, the great central states, with an aggregate of sixty-five electoral votes, have gone Republican despite the fight made to bring them into the Democratic column. The success of Mr. Taft in these states, considered vitally necessary to his election, has carried with it the success of the Republican state tickets.

Governor Deneen in Illinois and Governor Harris in Ohio, Republican candidates for re-election, retain their seats.

The Pacific coast states, California, Washington and Oregon, have given their votes to the Republican candidate, but Nevada, which voted against Parker in 1904, gave its votes this year to Bryan. Montana, the Dakotas and Minnesota are again Republican, but Governor Johnson's personal popularity has sufficed to seat him again.

## Results in the East.

Pennsylvania has gone Republican by 200,000 majority and New Jersey by 10,000, the figures in 1904 being 505,519 and 80,598 respectively. Connecticut is Republican save in a few cities and towns, but Congressman George L. Lilley, the Republican candidate for governor, ran behind Mr. Taft. His majority is 5,000, whereas the Republican presidential candidate has carried the state by 8,500. This is below Mr. Roosevelt's figure in 1904, and the same thing is true of practically every state in the Union that has been carried by both Mr. Roosevelt and Mr. Taft.

## DEMOCRAT CHOSEN.

Thomas E. Marshall Is Elected Governor of Indiana.

Indianapolis, Nov. 4.—For the first time since Hendricks was elected governor on the Democratic state ticket, in 1870, and Grant received the electoral vote of the state for the Republican national ticket Indiana has given a plurality to the Republican candidate for president and elected Marshall, the Democratic candidate for governor.

Whether Marshall will carry the rest of the ticket with him is a matter of conjecture.

According to a late estimate Taft received a plurality of about 15,000

THOMAS F. MARSHALL.

and Marshall was victorious over Watson, the Republican candidate, by about 8,000.

The congressional representation from this state will probably be seven Democrats and six Republicans. Returns credit the Democrats with chances favoring Democrats.

The legislature is in doubt. Marion county, with twelve members of the legislature, went heavily Democratic for the county ticket and carried down with it the Republican legislative candidates and possibly Congressman Jesse Overstreet.

## Taft Carries Utah.

Salt Lake City, Nov. 4.—Twenty thousand plurality for the Taft presidential electors and 10,000 for the Republican state ticket, was the rough estimate made early Wednesday.

## SEEKS RELEASE.

Brutal Treatment at Turpentine Convict Camp Is Alleged.

Lake Charles, La., Nov. 4.—Application for writ of habeas corpus was made to Judge Boardman of the Federal court by W. H. Patterson of Orange, Texas, who seeks release from a turpentine camp, where he was sent by the state district court here on six months' sentence for selling liquor without license.

Patterson alleges the convicts are brutally treated and unmercifully flogged and at least one has died as result of whipping by guards. He charges the system of leasing convicts by parish authorities as virtual slavery. A number of affidavits from former prisoners were filed with the application.

## TERRIBLE DOUBLE TRAGEDY.

Mother Shot to Death and Son Suffocated by Gas.

New York, Nov. 4.—Mrs. Voit and son, J. Nelson Voit, a Wall street broker, were found dead in their rooms in a large apartment hotel on upper Broadway. The mother had been shot in the head and body in her bedroom while the son was lying suffocated by gas on the floor of a bathroom with a pillow under his head. The door to the bathroom was locked, which is held as evidence of a probable suicide on the part of the son, following the death of his mother, possibly at his hands.

## Nobody in County Jail.

Sulphur Springs, Tex., Nov. 4.—For the first time in fifteen years the doors of the Hopkins county jail are open. There has not been an inmate since Thursday last. There has been no case in the police court for twenty days.

## Neck Broken by Fall.

Cleburne, Tex., Nov. 4.—J. G. Dalton, an electrician, died as the result of falling from a ladder. His head was crushed and neck broken. His home was in Tennessee.

## Wife Finds Husband Dead.

Texarkana, Nov. 4.—Walter Peters, a deputy sheriff of Bowie county, died of heart failure. His wife found him dead on a bed.

## Races at Waco.

Waco, Nov. 4.—The four days' race meet of the Waco Fair association is on. Two hundred racers and harness horses are on the grounds.

## ELECTION

## HE IS WINNER.

BY a Large Vote the Republicans Victor In Election.

New York, Nov. 4.—William H. Taft of Ohio and James S. Sherman of New York have been elected the successors of Theodore Roosevelt as president and vice president of the United States. They have secured 258 electoral votes, with thirteen doubtful, according to returns up to 6 o'clock this morning.

There is practically no change in the relative standing of the Democratic and Republican positions in the lower house of congress.

The Republicans will retain their present majority in the senate.

Hughes has been re-elected governor of New York by about 76,000 plurality.

By over 15,000 plurality Taft carries Indiana.

Ohio returns have been seriously delayed owing to the immense size of the ballot, but Taft has carried the state by a majority ranging from 50,000 to 75,000.

Taft carries New York City by 11,000 plurality, this being the first time the city has given its vote to a presidential Republican candidate since 1896 when McKinley had a small plurality.

Mr. received a greater plurality in New York state than Roosevelt did four years ago, the indications pointing to 202,000 for Taft, as against 175,000 for Roosevelt.

Hisgen, the Independent party candidate for president, received about 28,000.

The indications are Democratic governors have been elected in several of the middle western states that have given their presidential plurality votes for Taft.

Mr. Taft has exceeded Roosevelt's plurality in New Jersey and in Massachusetts, as well as in New York.

Mr. Taft carried practically every so-called doubtful state except Nebraska, where the indications point to a Democratic victory. Mr. Bryan has carried Nevada and Montana, in addition to the south, which includes Missouri.

Returns from Colorado and Maryland are too meager to form a definite conclusion as to their ultimate alignment, although the Republicans claim the latter state by 3,000 plurality.

W. H. Taft and Ben S. Draper, the latter the Republican candidate for governor, carried Massachusetts, the former by about 120,000 and the latter by about 160,000 in the light of returns from nearly three-quarters of the state. In the same returns it was evident that the Massachusetts congressional delegation remained unchanged—eleven Republicans and three Democrats. The Republicans also elected their state ticket and the usual majority of members of both branches of the legislature. It was the closest presidential contest in Boston since 1896, when McKinley won the city. James H. Vahay, the Democratic candidate for governor, is well ahead of Bryan in the state, and defeated Draper in Boston by over 12,000.

The governorship in Minnesota hangs in the balance, the result being close, with not sufficient returns to indicate what it will be, that both Chairman Day of the Democratic state committee and Brown of the Republican state committee claim the state by small majorities. Jacobson made heavy gains in the country, especially in the southern counties, and at Republican headquarters it was said the Republican candidate will come into the twin cities with enough to offset whatever Johnson may get in St. Paul and Minneapolis. The Johnson majority in the twin cities is estimated at about 11,000, with a heavy loss in Hennepin county (Minneapolis).

Scattering returns so far indicate that Taft has carried South Dakota by from 10,000 to 15,000. The Republicans claim that they have elected their entire state ticket.

Taft carried Idaho by about 20,000 plurality. Brady, Republican candidate for governor, has about 8,000 plurality. The legislature is in doubt.

The vote in the five election districts of the town of Oyster Bay, Nassau county, President Roosevelt's district, was as follows: Taft, 233; Bryan, 144; Hughes, 200; Chanler, 177.

California goes Republican by about 60,000 plurality.

With eighteen counties to hear from, indications are that Taft has carried Pennsylvania by a plurality that will be nearer 400,000 than 300,000. The returns received show a considerable falling off in every county with the exception of two. A heavy vote was polled throughout the state, due principally to the many warm contests in the legislative districts, with Republican gains.

The figures from Ohio continued to fall as the additional returns came in Tuesday night, and at 1 o'clock Wednesday morning it seemed that Taft would receive slightly more than a normal Republican plurality of close to 50,000, with Harris, Republican, for governor being defeated. The figures at that hour were for the election of Harmon, Democrat, by over 15,000.

Bryan's estimated majority in Virginia, on incomplete returns, is 20,000. Saunders, Democrat, carried the Fifth district by 600 to 800. Slomp, Republican, carried the Ninth district by about 3,000. All other Democratic candidates are elected.
